

Diseases of the Nervous System (Classic Reprint)

Filesize: 4.12 MB

Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Michael Spinka)

DISEASES OF THE NERVOUS SYSTEM (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Diseases of the Nervous System The first edition of this work was published in 1876, and has been exhausted for many years. The author now submits this new edition at the repeated solicitations of his former pupils, an exacting practice having prevented an earlier compliance with their requests. No thought nor labor has been spared in the effort to place the subject-matter of these pages on a line with contemporary neurology, which has of late years advanced by unexampled strides. The lectures have been entirely rewritten, and the author hopes that they will be favorably received as a critical analysis of the matters dealt with from the stand-point of a long, studious, and extensive experience. Special efforts have been made to present fairly both aspects of unsettled questions, and at the same time to render the work as comprehensive and practical as possible. Anatomical detail and physiological discussion have been thought inadmissible, partly on account of the practical aim of this work, but more especially because so many standard works of reference are accessible in which such subjects are elaborately treated. The consideration of insanity in these lectures has suggested the propriety of dividing them into two parts. In the second volume diseases of the brain and of the spinal cord, and functional and peripheral affections of the nervous system, will be discussed. The author desires to express his grateful acknowledgments to his esteemed and erudite friend Dr. W. H. Ford, of this city, whose advice and assistance have been invaluable in the completion of this undertaking. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This...
