Reviews

Very beneficial to all class of individuals. This can be for those who statte there was not a worthy of looking at. Your way of life period is going to be change as soon as you total reading this article publication.

(Ebony Schowalter MD)

MAC ANSWERS! CERTIFIED TECH SUPPORT

Osborne Publishing, 1998. Paperback. Book Condition: New. Osborne Publishing 1998 New/ Editorial Reviews ReviewMac Answers! will help you figure out how to get the most from your Macintosh. Whether you merely want to get your modem to work right or you want to build a network, this contains the information you need. It's an excellent all-purpose reference for Macintosh users. The authors deserve kudos for their organization of this book. Imagine you have a Macintosh problem. You turn to the first page of the chapter that deals with problems like yours--say, the chapter on storage devices or the one on Internet software. There, you look at a table of contents for the chapter to narrow your search further and finally turn to a specific page with the question--and answer--you want. Answers can contain many kinds of information, depending on the question. Some are plain-English paragraphs that explain concepts and technologies, others are step-by-step procedures, still others go heavy on tables. In any case, you're able to find and absorb the information you need on the double. This book's roster of topics goes on and on, covering everything from elementary file manipulation to the Internet and heterogeneous local area networks (LANs). There's information on buying and upgrading Macs, as well as extensive coverage of useful shareware, worthwhile games, and the little tricks that make Mac computing a pleasure. Coverage extends through Mac OS 8.5 and the iMac. --David Wall From the Back CoverA whole of answers for less than the of one support call! Q: Why pay $30, $100, $150, or even more for one phone call to tech support when you can have ALL the answers you need at your fingertips for under $25 A: Get this valuable, reader-friendly and you'll get over 400 answers to all of your basic...
