

## Science, Language and Social Change: Our Way with Words

By Dr Frank Evans

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Words are the currency of culture. They endow us with self-awareness, they make us laugh, they make us cry, they enable us to establish our values, and they even distinguish art from science. They enable us to distinguish the past from the future. Language permeates all the crevices of our social life, and yet we take so much about it for granted. This book takes a new look at the way we use language, and how it impinges on every aspect of life by looking more at some common aspects of the reader's experience, avoiding where possible the more traditional academic approaches. Man is one of the most recent species to arrive on earth, but in our fairly brief history there have already been two really significant points of change, and they can both be associated to language. The first, when it arrived, and subsequently diversified into thousands of different dialects; there are still about 6,500 active languages on earth. Secondly when, only 400 years ago, we began to use language in a new way, and science was...
