Echo Library. Paperback. Book Condition: New. Paperback. 140 pages. Dimensions: 8.8in. x 5.9in. x 0.3in. **PREFACE** The present volume completes the work proposed by the Prince Society of a translation into English of the VOYAGES OF CHAMPLAIN. It includes the journals issued in 1604, 1613, and 1619, and covers fifteen years of his residence and explorations in New France. At a later period, in 1632, Champlain published, in a single volume, an abridgment of the issues above mentioned, containing likewise a continuation of his journal down to 1631. This continuation covers thirteen additional years. But it is to be observed that the events recorded in the journal of these later years are immediately connected with the progress and local interests of the French colony at Quebec. This last work of the great explorer is of primary importance and value as constituting original material for the early history of Canada, and a translation of it into English would doubtless be highly appreciated by the local historian. A complete narrative of these events, however, together with a large amount of interesting matter relating to the career of Champlain derived from other sources, is given in the Memoir contained in the first volume of this work. This English translation contains not only the complete narratives of all the personal explorations made by Champlain into the then unbroken forests of America, but the whole of his minute, ample, and invaluable descriptions of the character and habits, mental, moral, and physical of the various savage tribes with which he came in contact. It will furnish, therefore, to the student of history and the student of ethnology most valuable information, unsurpassed in richness and extent, and which cannot be obtained from any other source. To aid one or both of these two classes in their investigations, the work was undertaken and has now been completed. E. F. S. BOSTON, 91 BOYLSTON STREET, April 5, 1882. **TABLE OF CONTENTS.
