By Amit Chauhan

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The fiction, "Bogle You in Google I", is a story of a protagonist, Patrick Wilson, a scientist and a sculptor. Through Patricks perspective, author raises the issue of Generation Gap. The middle-aged people suffer most from the new socio-cultural changes. Most of the time, their experiences and logical arguments with the young become insignificant. The sense of family is lost somewhere in balancing generation gap. The mystery sets us on the stage from where we are bound to deliver the speech of sanity accepting our insane being. The author has brought a novel perspective to see the life with a bigger window than we are habituated with. The sense of imagination and reality meets at an argument which author titles, "Bogle You in Google I".
