Social Work, language: English, abstract: The profession of
Social Work is permanently evolving and its employees have to
face and overcome new challenges on a daily basis. Changing
environmental conditions, new needs and social problems of the
clientele as well as economic competition and the reduction of fi-
nancial resources have led to the fact that goals, contents
and methods have to be rearranged. Furthermore the process of
professionalization demands an increase of empirical
knowledge in the daily practice of Social Workers, making it
necessary to replace ideological convictions with empiricism. 16
