RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 86 pages. Original publisher: Hampton, Va. : National Aeronautics and Space Administration, Langley Research Center ; Hanover, MD : Available from NASA Center for AeroSpace Information (CASI), 2001. OCLC Number: (OCoLC)50732207 Excerpt: . . . possible outcomes at least once. In this case, for the decision (A or B) test cases (TF) and (FT) meet the coverage criterion, but do not cause the decision to take on all possible outcomes. As with decision coverage, a minimum of two tests cases is required for each decision. 2. 3. 4 Condition Decision Coverage Condition decision coverage combines the requirements for decision coverage with those for condition coverage. That is, there must be sufficient test cases to toggle the decision outcome between true and false and to toggle each condition value between true and false. Hence, a minimum of two test cases are necessary for each decision. Using the example (A or B), test cases (TT) and (FF) would meet the coverage requirement. However, these two tests do not distinguish the correct expression (A or B) from...

Reviews

This book may be really worth a read through, and far better than other. it was actually writtern extremely completely and valuable. I am just very easily will get a satisfaction of looking at a published ebook.

-- **Lillie Toy**

It is easy in read through easier to fully grasp. it had been writtern very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be he very best book for possibly.
