University of Wisconsin Press, Madison, 2013. Softcover. Book Condition: New. 280 pages. Softcover. New book. RELIGION. In the late 1970s, the New Christian Right emerged as a formidable political force, boldly announcing itself as a unified movement representing the views of a "moral majority." But that movement did not spring fully formed from its predecessors. *American Evangelicals and the 1960s* refutes the thesis that evangelical politics were a purely inflammatory backlash against the cultural and political upheaval of the decade. Bringing together fresh research and innovative interpretations, this book demonstrates that evangelicals actually participated in broader American developments during "the long 1960s," that the evangelical constituency was more diverse than often noted, and that the notion of right-wing evangelical politics as a backlash was a later creation serving the interests of both Republican-conservative alliances and their critics. Evangelicalism's involvement with—rather than its reaction against—the main social movements, public policy initiatives, and cultural transformations of the 1960s proved significant in its 1970s political ascendance. Twelve essays that range thematically from the oil industry to prison ministry and from American counterculture to the Second Vatican Council depict modern evangelicalism both as a religious movement with its own internal dynamics and as one fully integrated into general American history. Axel R. Schfer is director of the David Bruce Centre for American Studies at Keele University in the United Kingdom. He is author of *Countercultural Conservatives: American Evangelicalism from the Postwar Revival to the New Christian Right* and of *Piety and Public Funding: Evangelicals and the State in Modern America*. "A particularly effective effort to enlighten the general public, problematize stereotypes, and deepen understanding. It makes a substantial contribution to both religious and sociopolitical history."—Mark Noll, co-editor of *Religion and American Politics* "A rich and provocative reinterpretation of American evangelicalism in the decades after..."
